

# Presentation :: Alexis Maldonado

Alexis Maldonado

Intelligent Autonomous Systems  
Computer Science Department IX  
Technische Universität München

July 20, 2006

Robotics, Machine Learning, Robotic Manipulation, Developmental Learning

Costa Rica -> Munich

## Experience

- Industrial Automation (EE)
- Debian GNU/Linux
- Player/Stage/Gazebo

## Current Work

- Avoiding too many deaths by the B21 :)
- Learning models of the movement to improve controllers
- RRT-Planner to control the arms

B21 Robot with two 6-DOF Powercube Manipulators

Introduction
